Land affected in Coffee County lies north of thick border.

## Whitewater Creek Watershed to provide \$5 million in aid

The Whitewater Creek Watershed Project has received final approval from the Soil Conservation Service, and local conservation officials report the \$5 million project will include approximately 164,000 acres in Coffee and Pike Counties.

Planning for the watershed project actually began in 1985; however, the federally funded program had to clear many hurdles during the past two years and only recently was given final approval.

The project includes a total of 164,000 acres with 83,000 acres being located in Coffee County and the remaining 81,000 acres in Pike County.

Conservation officials, in making the announcement, stated that a watershed is a geographic boundary for runoff water that flows into a stream, and insures that all the water that runs off the land will flow into a stream and not cause erosion problems. Major streams in the watershed are the Whitewater Creek, Walnut and Clearwater Creeks, all of which flow southerly into the Pea River.

The watershed project consists of terracing the land, planting grass or trees to prevent erosion. Cost of the project is shared by the landowner (forty percent) and the United States Dept. of Agriculture (sixty percent), and participation in the project is completely voluntary.

The entire project is expected to take approximately five years to complete and it is hoped that a minimum of 80 percent of the landowners affected will participate.

Steve Musser, Coffee County Soil Conservation officer, reported that while not all farmers in the designated area will need assistance, those that are in need of the project's benefits should take advantage of the federal program and improve the quality of their land.

"All farms have problems with erosion," stated Musser, "and by taking advantage of this program the landowners can receive funding to terrace their fields, install underground drainage systems and prevent future erosion problems."

Marion Sanders, a district director with the Conservation Service, stated that when sediment washes into streams it causes erosion problems for landowners and also increases flood threats for those living downstream.

"The watershed program can obviously help landowners in the area listed with the program," Sanders said, "but it could also help residents down in Elba who have to live with the possibility of flooding. By eliminating erosion problems, the sediment will remain in the land and not wash out into the streams, causing eventual filling, leading to the possibility of flooding."

Of the approximately 83,000 acres included in the Whitewater Creek Watershed, 13,000 acres are used as cropland, 7100 as pastureland and over 57,400 in forestland.

"Anyone who has large cave-in gullies should contact the Soil Conservation Service office now," stated Musser, "but it will be two years before the landowners wishing funding under the Whitewater Creek program will be able to receive money. The watershed program is a contract type program in that the federal program guarantees the funds will be available and the landowner and contractor do the actual work, with the program paying for 60 percent of the total expense incurred."

"Over one-and-a-half million dollars have been used in the Wilkerson Creek Watershed, and landowners in the northern part of the county and any part lying within the boundaries of the Whitewater Creek Watershed could realize the same improvements that have been done in the southern part of the county."

Anyone wishing more information on the new watershed program should contact the Soil Conservation Service at 894-6332.

## Dr. Banach joins staff at EMA

One of the physicians on staff at the new Elba Medical Associates clinic, located on Highland Drive in Elba, is Dr. Warren Banach, a practicing physician in Ozark

specializing in gynecology. Dr. Banach is a graduate of the Georgetown Medical School in Washington, D.C., and has been in Ozark for the past three-and-a-half years. He will be in the Elba clinic on Tuesdays from 10 a.m. until 2 p.m. and will be available for surgery during the remainder of the day.

"While gynecology is a very private medical practice between the doctor and patient," stated Dr. Banach, "the importance of a gynecologist is essential to the good health of all women ages 16 and up, even those who are past the menopausal stage. A gynecologist should be thought of as not only a physician offering preventive medicine, but also as one who is concerned with primary care."

Dr. Banach stated an annual checkup is essential in the early detection of cervical, uterine and ovarian cancer and can also be a

means of checking the entire reproductive system.

"Women as young as 16 should be under the supervision of a gynecologist because at that age many girls are already experimenting with sex and should be given contraceptives as a means of birth control," added Dr. Banach. "I know that no parent likes to think of contraceptives for the young girls; however, the world is not the same as it was when they were growing up and by the age of 16 girls need to know about their bodies and possibly begin the use of contraceptives."

Dr. Banach will also offer medical assistance to patients who may have fertility problems and stated a complete series of tests may be used to help couples who wish to have children but have not been able to do so.

Anyone wishing an appointment with Dr. Banach should call 897-3443 or 897-3444.

## ESJC receives \$99,899 grant

U.S. Sen. Richard Shelby, along with Sen. Howell Heflin and Cong. Bill Dickinson, announced last week the awarding of a \$99,899 grant to Enterprise State Junior College in Enterprise. The money will be used for special services for disadvantaged students.

Upon receiving notice of the grant, Sen. Shelby commented, "These funds will help provide necessary services to disadvantaged students attending Enterprise State Junior College. I look forward to the contributions these institutions will make in the area of education."

## State to offer \$72 million in housing bonds

Gov. Guy Hunt has announced that \$72 million in bonds will be issued this week to make low interest loans available to families for home mortgages.

Gov. Hunt said the Alabama Housing Finance Authority has agreed to issue the new bonds to provide fixed rate mortgage loans at a 9.125 percent interest rate with 2.25 points for qualified buyers. Funds for the loans will be generated through the sale of tax-exempt bonds and made available to local lending institutions for qualified home buyers.

"I am very pleased to move forward with a program that is going to provide 1500 new housing units for low and moderate income Alabamians," Gov. Hunt said. "In essence this program is like bringing in a new industry that will spend \$72 million."

## Kindergarten teacher added to relieve overcrowding at Elba

The Elba City School Board met in special session last Friday morning to consider recommendations of the superintendent to solve some overcrowding in the kindergarten classes of the Elba school. The matter had been a hotbed of discussion at the monthly school board meeting a week earlier when a group of concerned parents expressed concern over the matter of class size in the kindergarten and first grades.

The classes had 25 beginning students in each of four classes and parents and teachers expressed a desire for about 20. Alabama law allows the 25, but current belief is that smaller classes are better for students and teachers.

Lynn Whitehurst, Chapter I Reading and Math teacher at the Middle School, was transferred to the kindergarten. She is certified in that area. Whitehurst, an Elba native, is in her first year with the Elba system, having previously taught in the Coffee County System at Kinston. She has a year of service

in a Texas school. To replace Whitehurst in the Chapter I program, the superintendent recommended the transfer of Karen Scott from a newly-created position of Math and Reading specialist with the elementary and middle schools. Scott has previously worked in the Chapter I position with the Elba school. Most recently she was with Troy State University doing inservice work with Alabama secondary school teachers. She is certified in the position.

Board members were unanimous in approving both changes and gave Supt. Crews authority to hire two aides to help with the large number of students in the first grades.

In other action the board approved a \$3.00 daily increase in the pay of substitute bus drivers and placed assistant coach Frank Phillips on a 10-month contract retroactive to the beginning of school. An oversight left him out the last when other assistant coaches received the extended contract at the last meeting.

"The economic multiplier effect of that expenditure means about a quarter-of-a-billion dollars will be added to the state's economy. The economic impact of this investment in housing will be to provide many jobs for housing and related industries. This is another step toward making Alabama a better place to live and work, and it is part of the economic revolution we're trying to bring about in our state."

Gov. Hunt said several factors contributed to initiating the program at this time, including the demand for additional housing units, the favorable market for these types of bonds and the cooperation of lending institutions.

Persons desiring information on the program should contact their local bank or financial institution.

## Power Lifts Inc. awarded contract

The Power Lifts Inc. of Hwy 84 W North, Industrial Park in Enterprise has been awarded a contract by the Defense Construction Supply Center, Columbus, Ohio, for \$205,404 to provide industrial trucks and tractors for use by U.S. Armed Forces stationed around the world. The small firm is just one of over 6,000 businesses holding an active contract with DCSO on any given day.

Two hundred colorful red, white and blue balloons were released at the conclusion of last week's Constitution bicentennial celebration, held at the courthouse square in Elba.

## Brainstorms

By Ferrin Cox

There is still no new word on the prospective new industry for Elba. Elba officials have said they were prepared to do anything within reason to get them here, but they fully understand that it is the company that must be the yes or no decision. We are checking on this from two directions and will try to keep everyone posted.

Also there is no news to report on any progress in getting the Elba hydro dam back into production. Everything hinges around the Frenchman who purchased all rights to the permit, etc. last year and paid Elba some \$60,000 or more, plus whatever he paid the previous leaseholder. We understand the permit run out later this year unless work is started, so reason would tell us he will return shortly. But we don't know that at all.

We received a personal letter at our house this week. It was from a sister and her family in Tallahassee, Fla. There was a usual family chatter and problems with nephew's fishing gear being stolen, but also a note of mourning that Alabama lost to Florida last Saturday. She admitted they weren't so much pro-Alabama (both attended Troy State for their first degree), but anti-Florida. The children have for years refused to even wear those nice clothes that use the alligator for their emblem. I guess living in Tallahassee for 20 years makes them a bit pro FSU and against anyone capable of beating the hometown team. Anyway, she really should have been expressing her sympathy to some of the more avid Alabama fans. Officially have to smile at whatever happens because of close friends from both Alabama and Florida. The one in that group that really needs a win however is Bill Curry, a nice guy who made it his job to be the Alabama coach in the program. The Florida coach is in solid, but Curry is the new boy on the block and has some who don't yet believe in him, and so we were pulling for Bill Curry.

I guess the pro football players are on strike. Of course there is not going to be an outpouring of support for these young men with an average annual salary of over \$200,000 a year; and some of those active on strike make a million dollars annually! The move to bring in players already cut to carry on the season probably will not go over big with the avid fans, and I long ago quit worrying about what happened on the pro circuit after realizing most of the action usually happens just before the half and in the last minutes of the game. Whatever happens - canceling all the games, doubling every player's salary, giving them 20-year contracts with their right to cancel, etc. - I don't expect it to change my life one bit.

U.S. Sen. Joseph Biden is in trouble again. We don't know if it is because of the Berk hearings he is chairman of in Washington, or just because he is running for president, but he is in trouble. He had better get used to all this however because the house have the seat and will be nipping at his heels until election day or until he becomes another casualty of the campaign.

Judge Berk is still being bad-mouthed at the confirmation hearings. We don't agree with all his thoughts either, nor will we completely agree with the next person considered, but we do think he is an honorable man. We wonder why anyone would put up with the harsh words of distraction for this once honorable appointment to the U.S. Supreme Court.

## Greetings From Faith Chapel

We write to you in the name of the Lord. In today's world many people don't believe that God can speak to us. But He can and He will, if only you can just believe. He said so in His Word.

God speaks to people in different ways as He desires (Deut. 4:36). "Out of Heaven He made them, to hear His voice, that He might instruct them and upon earth He showed them His great fire; and thou hearest His words out of the midst of the sea."

My friends, God has a divine plan and will for your life. How else can we know what it is? He tells us! When God speaks something to you, you can put your life on it because it will come to pass.

Just as God spoke to Noah and told him to build an ark, that a great flood was to come and destroy flesh. People laughed and mocked Noah because until that time, he had never said a word. But Noah believed in God and he obeyed God, and he and his family were saved - because He didn't listen to people.

That's what we need to do today - listen to God and not man, because God is infallible. God desires to speak to you today, people. Open your spiritual ears so that you can hear what the Spirit is saying in this hour.

Many say that God only spoke to people in the Old Testament before we had the written Word. "For what if some did not believe? Shall their unbelief make the faith of God without effect? God forbid; yes, let God be true, but every man a liar." (Rom. 3:3-4). He said, "I am the Lord and I change not." He is the same yesterday, today and forever. We serve the same God as did the men of old, and He hasn't changed - but the people are the ones who have changed.

I urge you, let God speak to you, friends. If we ever needed to hear the voice of God it is in the hour in which we now live. We're living in the last days and God can warn us of things to come. His sheep hear his voice and another they will not follow. Many will be deceived if they don't listen to the voice of God. (John 10:27). My sheep hear my voice and I know them and they follow me.

Heed the Word of the Lord, people.

Until next week - God bless you!

## ANSWERS TO YOUR BIBLE QUESTIONS

QUESTION:  
What does the inspiration of the Bible mean?

### BOB PRICHARD

From beginning to end, the Bible claims to be the word of God, the revelation of His will to man. Paul wrote to Timothy, "All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness" (2 Tim. 3:16). The word "inspiration" literally means "breathed into by God," or "God breathed." This means that the Holy Spirit exercised a supernatural influence over the Bible writers so that they would communicate to man exactly what God wanted communicated to him. Because of this, the Bible writers wrote without error in all areas, including morality, history, and science.

The Bible writers were conscious that they were not speaking of their own accord, but were speaking for God. Peter wrote, "No prophecy of the scripture is of any private interpretation. For the prophecy came not in old time by the will of man; but holy men of God spake as they were moved by the Holy Ghost" (2 Pet. 2:21). Samuel said, "The Spirit of the Lord spake by me, and his word was in my tongue." (2 Samuel 23:2). Jeremiah said, "The Lord put forth his hand, and touched my mouth. And the Lord said unto me, Behold I have put my words in thy mouth" (Jer. 1:9). Thus the writers claim to have put my words in thy mouth" (Jer. 1:9). Thus the writers claim to have put my words in thy mouth" (Jer. 1:9).

Jesus spoke of the written word when he said, "Think not that I am come to destroy the law, or the prophets: I am not come to destroy, but to fulfill. For verily I say unto you, Till heaven and earth pass, one jot or one tittle shall in no wise pass from the law, till all be fulfilled" (Matt. 5:17-18). Jesus was saying that he had not come to destroy the law, but to fulfill it. He was saying that the words of the law were to be fulfilled. Jesus would not have made such a statement if He had not understood that even the very words of scripture are inspired.

But the words of scripture were not mechanically dictated to the Bible writers. At the same time that each writer was inspired to write God's will, he used his own vocabulary and style of writing. Thus, a physician, used medical terms in his account of the ministry of Christ. While at the same time expressing his own vocabulary and style, each writer avoided any error through the inspiration of God. This did not make the writers incapable of sinning, or give them the knowledge of all things, but simply protected them from error in what they wrote and taught.

Foes of the Bible have claimed that it is filled with errors, but the Bible has stood the test of time, and no one has been able to find a contradiction anywhere in the Bible. This is because the Bible is not the product of human reason, but of the inspiration of God. . . .

Recently I was talking with a friend who had a problem with a leaking roof. The insurance agent had advised that the insurance would repair the water damage done to the ceiling in the house but would not pay for the roof to be repaired. In other words, we will cover up the damage but the problem is still there. The next time it rains, the problem ruins the "patch-up" job. The problem has been covered up, not cured. This is what we do so often in our personal lives. We cover up the problem or raise it over us the symptom of the problem. Then

each time the problem arises, the patch job is needed and like the leaking roof, the damage becomes worse and worse. Underneath, the destruction continues. In our daily lives, we must face up to the fact that we do have problems and tackle the problem itself. We must look for a solution, not a cover-up. Cover-ups have never been effective. It almost the same thing as saying you will ignore it and it will go away. I do not know of one single time that a problem has gone away because it has been ignored. Certainly you can ignore it and not deal with it and you

can cover it up or patch it. The problem is still there folks. We so often do this and then we wonder why we always have a problem in a particular area. Take an inventory. Have you patched and covered up or have you worked toward a solution. Decide which is better for you. Thought: It is human nature to think wisely and act foolishly.

Anatole France.

our posterity, do ordain and establish this Constitution for the United States of America."

The Preamble to the Constitution of the United States of America. What a statement of purpose! What opening remarks! But if the Constitution is going to work at its best, if the statement of purpose is going to be fulfilled in the best possible way, and if America is going to continue to be a great nation and not follow the pattern of the Romans, the Greeks, the Babylonians and the Assyrians, then there is an even greater statement that must be adhered to closely. This statement is found in the Word of God in Second Chronicles 7:14. It says, "If my people, which are called by my name, shall humble themselves and pray and seek my face and turn from their wicked ways, then will I hear from Heaven and will forgive their sin and will heal their land."

Friend, I challenge you to pray for America! Let us pray for our president, our governor, our county leaders and our city leaders. Let us pray for all those in authority over us.

Let us pray!

## Fudge—Newton Wedding

Lorie Anne Fudge and Robert Newton Jr. were united in marriage in a beautiful candlelight ceremony August 21 at seven-thirty in the evening at Whitewater Baptist Church, Elba. The Rev. Paul Forworth of Brewton performed the double-ring ceremony.

Parents of the couple are Carol Fudge of Elba; Robert and Sherlene Newton of Elba; and Jerry and Sara Moore of Montgomery.

Nuptial music was performed by Doug Wambles, organist; Shannon Elliott, pianist; and Marty Harrison, vocalist. Selections included "Endless Love," "Theme From Ice Castles" and "The Lord's Prayer."

The altar was flanked on either side by an eight-branch candelabra with palm fronds and bouquets of pink, white and mauve flowers accented with baby's breath and fern. The choir loft railings were draped with garland and pink bows and complimented with a large fern on either side.

The altar held an arch decorated with an arrangement of pink, white and mauve flowers accented with baby's breath, fern and pink ribbons, a prayer bench, a large fan candelabra holding white tapers and the unity candelabra.

In the windows were white candles and the doors were decorated with large white wicker wedding bells with mauve and white ribbons and fern.

Family pews were marked with mauve flowers and bows.

The entry contained a round table covered with a white lace tablecloth which held a white taper decorated with pink and mauve flowers, the registry book and a white wicker basket decorated with pink flowers and ribbons which held notes from the bride and groom. Guests were registered by Mrs. Kim Farris.

The bride, given in marriage by her brother, Audie Fudge, wore a beautiful white taffeta bridal gown featuring a standup neckline and close-fitting bodice accented with Venice lace, iridescent sequins and lustrous seed pearls.

It was fashioned with sheer illusion net front and back yokes and Elizabethan sleeves detailed with Schiffl embroidery. The flattering inque waist fell into a lace-and-pearl accented full skirt that extended into a sweeping chapel-length train.

To complement her gown the bride chose a headpiece fashioned with a V-shaped band of simulated seed pearls with a pearl drop earring, nylon net pouf and narrow-edged nylon fingertip length veil and blusher.

She carried a silk cascade bouquet of white roses, Oriental poppies, carnations, Tiger lilies and baby's breath complimented with white lace and ribbon tied in lovers knots. The bouquet was fashioned on a bride's Bible that was her mother's.

Miss Shiloh Allen of Elba served as maid of honor. Bridesmaids were Miss Dawn Nolin of Elba and Ms. Melissa Crook of Enterprise. They wore mauve taffeta gowns featuring a large off-shoulder ruffled neckline. The bodices were fitted and the long skirt extended from a semi-dropped waist accented with a large bow in back.

They carried silk bouquets of carnations, roses and Tiger lilies in shades of pink and mauve complemented with a white lace border and pink and mauve ribbon streamers tied in lovers knots.

Miss Candace Moore, niece of the groom, served as flower girl. She wore a white batiste dress accented with pink ribbon and lace across the bodice. It featured short puffed sleeves and a short full skirt.

Pink flowers and ribbons adorned her hair. She carried a white wicker basket with rose petals and decorated with flowers and ribbons in shades of pink. It had been used in the bride's mother's wedding.

Billy Farris of Enterprise served as best man. Groomsman and ushers were Emanuel Espinoza and Chris Brown of Enterprise, Tom Barnes of Huntsville and Scott Kidd of Elba.

They wore gray tuxedos with white shirts and mauve cummerbunds and bowties, with mauve silk rose boutonnières.

Benjamin Brown of Enterprise, cousin of the bride, served as ringbearer. He also wore a gray tuxedo with mauve cummerbund and bowtie. He carried a white satin-and-lace heart-shaped pillow, handmade and embroidered by the groom's sister.

Candles were lit by Chris Brown and Scott Kidd.

The wedding was directed by Mrs. Sylvia Padgett.

**RECEPTION**  
Following the ceremony, the bride's mother hosted a reception in the church fellowship hall.

The bride's table was covered with a pink cloth and white lace accented with mauve bows. The three-tier wedding cake featured a fountain with lights and pink water surrounded by greenery, pink flowers and crystal swans.

The cake was decorated with pink and white roses and held a porcelain bride and groom and wedding bells. It was baked and decorated by the bride's grandmother, Mrs. Ina E. Brown.

Also on the bride's table were a silver candelabra with white tapers

Mrs. Robert Newton Jr.

and white silk flowers and mauve ribbon, and a bouquet of pink, mauve and white flowers accented with baby's breath.

The wedding cake was served by Misses Jennifer Taylor and Christie Owens.

The groom's table was covered with a brown cloth and ivory lace accented with ivory bows. The two-tiered groom's cake was chocolate decorated with fresh strawberries.

An arrangement of fresh strawberries in a brass bowl, fresh fruit and a brass candelabra holding ivory tapers completed the decorations.

Serving the groom's cake were Misses Jenny Clark and Wendy Moulton.

Presiding at the crystal punch bowl were Misses Melanie Brown and Mandy Ham.

The table was covered with a pink cloth and white lace accented with mauve bows. Crystal appointments held cheese straws, nuts, mints and ham and cheese rolls.

A round table covered with an ivory cloth held a wicker basket decorated with pink bows which held birdseed bags made of pink and white tulle and ribbon.

Following a honeymoon trip to Florida, the couple makes their home in Montgomery.

**PRE-NUPITAL PARTIES**  
A kitchen shower was held Aug. 8 at the home of Mrs. Patricia Kidd. The home was beautifully decorated in peach and blue. Guests were registered by Miss Stephanie Kidd.

Miss Suzanne Hattaway

### Miss Hattaway To Wed Mr. Parker

Mr. and Mrs. Hubert D. Hattaway of Opp announce the engagement and forthcoming marriage of their daughter Suzanne to Mr. Gregory Parker, son of Mr. and Mrs. Gary Parker of Elba.

He is a 1982 graduate of Elba High School and is employed with Security Insurance Co. in Elba.

The future groom is the grandson of Mr. and Mrs. J.P. Parker of Elba; Mrs. Eunice Crawley and the late Willie S. Crawley of Elba.

He is a 1982 graduate of Elba High School and is employed with Brundidge Shirt Co. in Brundidge.

The wedding will be an event of Nov. 7, at seven o'clock in the evening at First Baptist Church of Opp.

No local invitations are being sent. All friends and relatives are invited to attend.

## Views From The Pressbox By, Ricky Mularz

The beautiful weather over the weekend was a welcome change from that of the past two weeks and gave me the opportunity to walk around town while Melissa rode her bike. When the training wheels come off I may have to jog to keep up, but for now we go at about the same speed and we both have fun!

### TIGER DEFENSE SHINES IN SHOOTOUT WIN OVER OPP

The Elba Tigers totally dominated the action in last week's win over Opp, and although the offense sputtered at times, the defense never faltered and put on quite a show in blanketing the Bobcats!

The defensive players were kidding me before the game that they were going to shut down the Opp offense, and while I thought they were only hoping, it turned out the players were simply telling it like it was, because the defense never allowed Opp to get anything going and limited the Bobcats to only 12 yards in total offense. Opp managed only one first down on its own during the entire game, with the other three coming with thanks to Tiger penalties, and Opp's running game gained only 5 yards on 26 carries. It's true that the minus 27 yards Opp's quarterback suffered took away from the running total, but even without the minus yardage the other Bobcat backs totaled only 38 yards on 18 carries — still quite a feat!

It's hard to single out the play of any one player when a defensive unit completely dominates a team like the Tigers did against Opp; however, it would be unfair not to mention at least a couple of players, and the ones I noticed the most were Jason Hodge, Jackie Stoudemire, Keith Rodgers and Kelvin Caldwell. Hodge was in on a lot of tackles throughout the game and made a big hit on a fourth-down play that stopped Opp's only threat, while Stoudemire had three quarterback sacks that resulted in 20 yards in losses. Rodgers made some big plays in the middle and Caldwell also had some big hits and recovered a fumble that led to Elba's first touchdown.

I'm always ready to pass out much praise and do remember the way both Ozark and Geneva rolled up and down the field and scored a total of 40 points; however, the defense has improved greatly and I'm hoping the past two games were previews of things to come!

The Elba offense moved the ball well against Opp, but made some mental mistakes that kept it off the scoreboard and didn't seem to be clicking on all cylinders. The running game looked good at times and Robert Wilson had another big night in rolling up almost 100 yards; while Leon Coleman had some big carries on the second touchdown drive and quarterback Jason Johnson showed his running talent and his ability to scramble out of jams. Johnson had his first off-night passing, which slowed the attack, but he has already proven his abilities and I'm sure he'll come back strong. The Tiger offense will have to improve every week if the Tiger are to keep on winning, and after their showing last week I know the entire offensive unit will work hard and try to get back on track.

### NEW BROCKTON CONTINUES TO BE THE CLASS OF COUNTY SCHOOLS

The three county teams all played last week with only the New Brockton Gamecocks being able to make it to the winner's circle. Here is a look back at Week #3 at the county schools:

\*\*\*New Brockton was so beat up it didn't hit at practice last week, but it made little difference because the Gamecocks didn't forget how to hit and pounded hapless Florala 31-6. New Brockton has played the toughest teams on its schedule, and unless the Gamecocks stumble against a lesser club, it looks like they will post the school's first undefeated regular season.

\*\*\*Zion Chapel saw its record slip to 0-4 with its loss to Straughn and the Rebels just can't seem to get over the hump. I know most of the players up at Zion Chapel and know the guys are tired of losing, so expect the team to keep battling and never give up despite its problems.

\*\*\*Kinston was expected to have the team to challenge the powerful Samson Tigers, but it wasn't to be as the Tigers of Coach Mac Champion rolled to a big win. The Bulldogs have a lot of talent for a 1A team and are a real threat to make it to the playoffs if they keep improving and won't give up.

### AFTER FOUR WEEKS THE PREP STANDINGS ARE BEGINNING TO STABILIZE

The state high school football standings are really little more than a popularity contest, especially early in the season, but now that the season has reached the midway point the standings can give you a pretty good look at what's happening across the state. Here's my own look at the ranked teams in the classes...

CLASS 6A - Montgomery's Lee is atop the poll and deservedly so, but the Generals don't seem as unbeatable as last year and might not make it to the playoffs with a perfect record. I don't know much about Central of Phenix City and it seems like Tusculosa-Central always has a good record, so my

darkhorse picks at the midway point are Jeff Davis, Foley and Valley. CLASS 5A - Russellville has always been a powerhouse in all sports and any team that is nicknamed the Tigers and wears black and gold can't be all bad! Athens is back in the poll after a long absence and other teams grabbing my attention are Homecoming, Jackson and Eufaula. CLASS 4A - Hanceville and Haleyville are two perennial powers and being atop the standings is no surprise, but Cherokee County may be a team to watch because any team that can beat Alexandria 34-9 has to be good. Another team to watch is... how about Tarrant?

CLASS 3A - Crossville is still winning big every week and has extended its winning streak to 19 straight games, which ain't too bad! South Lamar is also back near the top, but my team to watch so far has been Stevenson, who has outscored its opponents 29-0, 54-6, 50-0 and 34-0. Oh yeah, don't forget the Elba Tigers!

CLASS 2A - If you think the Big 8 is really the Big 2, how about Class 2A, where Cottonwood and Reelwood are rolling along without any trouble. Both teams have long playoff tradition, and while Cottonwood dumped Reelwood last year, I can remember watching Reelwood rip the Bears at Cottonwood. These two teams are without a doubt the cream of the classes, while New Brockton and Flomaton are making a real run to gain a spot with the big boys. CLASS 1A - Dover is atop the 1A standings and has its usual good team, but I have a feeling the Tigers will tire out as in years past and exit early come playoff time. My picks? How about Carrollton, Sweet Water and Courtland!

### THE BATTLE IS AT THE BOTTOM OF THE NATIONAL LEAGUE "WORST"

As the major league baseball season draws to a close all you read about are the title chases in all four divisions. The biggest lead in the majors is in the National League West, or "Worst" as it's known at my house. Forget the leaders — the real battle is at the bottom of the NL West, where San Diego has rallied in recent weeks and it is about to escape the cellar. As of Sunday night the Padres were at the bottom of the standings, with those "never say die" Atlanta Braves only one-half game ahead, and the Dodgers only 1 game in front. If the Braves can pull it off and take the cellar, it would be a major league record for manager Chuck Tanner, who would finish last for the fourth straight year. Let's go Braves!

### SOME HEADACHES JUST NEVER GO AWAY...

Picking high school football games is not a good way to win friends and definitely not a good way to prove how smart you are. Oh well, everybody who knows me knows how smart I am, so I'll keep doing it because I can always use more friends (?) By the way, last week wasn't that bad as I hit on 26 of 31 picks.

### ELBA VS. PIKE COUNTY

This matchup promises to be one of the most exciting games of the week and should be a real shootout. The Tigers' defense has grown up in recent wins and could make the difference if it can slow down the speedy Pike County backs. Some may call it an upset, but I'm going with the Tigers! Elba 26 - Pike County 18

### NEW BROCKTON VS. RED LEVEL

The Gamecocks will come into the game as heavy favorites and Red Level will have no trouble getting fired up for their visitors. It's never much fun to play on the road and Red Level is a good team at home; however, New Brockton will have too much to handle! New Brockton 28 - Red Level 7

### ZION CHAPEL VS. COFFEE SPRINGS

Two teams without a win will meet in this one and you know both teams have to be excited! The Rebels aren't really that bad and could have won at least two games, so my vote goes to the Rebels! Zion Chapel 32 - Coffee Springs 6

### KINSTON VS. LONG

Kinston bit the dust last week after two impressive wins and this week must travel to Skipperville to battle the powerful Long High Rebels. The Bulldogs have the talent to win a bunch of games, but this one could be tougher than you think and I'm going with Long. Long 20 - Kinston 19

## Dove Season To Open Sept. 26 In South Alabama

Designation of seasons, bag limits and zones for dove hunting were announced today by the Game and Fish Director Charles D. Kelly of the Department of Conservation and Natural Resources.

Kelly said the State has again been divided into the South and North Dove Hunting Zones, each with a split season. A total of 70 shooting days will be permitted in the South Zone with a bag limit of 12 doves a day, 12 doves in possession. Hunters in the North Zone will be permitted 60 days of dove hunting, but with a larger bag limit, 15 doves a day, 15 in possession. Kelly urged dove hunters in both zones to note the difference in bag limits and directs particular attention to the split seasons and listed shooting hours for each zone:

**SOUTH ZONE:** Baldwin, Coffee, Covington, Dale, Escambia, Geneva, Henry, Houston and Mobile.  
12 a day - 12 in Possession in South Zone (70 days)

**SPLIT SEASON:** Shooting Hours: 30 Minutes Before Sunrise Until Sunset...Sept. 26 - Sept. 27, Oct. 10 - Nov. 29. Shooting Hours: 12 O'Clock Noon Until Sunset...Dec. 23, 1987 - Jan. 8, 1988.

# Elba Tigers Dump Opp 13-0

**GOTCHA!** Elba defensive end Jackie Stoudemire (89) pulls down Opp quarterback Les Sanders (15) for a big loss. Stoudemire had three quarterback sacks in the win.

Tiger fullback Leon Coleman (34) cuts inside teammate Brian Free (80) and finds room to run in last week's win over Opp.

Elba tailback Robert Wilson (25) beats a would-be Opp tackler to the endzone to give Elba an early 7-0 lead. Wilson gained 89 yards in the Tiger victory.

The Elba defense came to the rescue of its sputtering offense Friday night and sparked the Tigers to a 13-0 win over the Opp Bobcats, in front of a large crowd in Opp.

The win, Elba's third straight, upped the Tigers' record to 3-1, while the Bobcats saw their record slide to 0-4 with the loss.

The Tigers got the ball early in the game following an Opp punt and appeared to be headed for paydirt as Robert Wilson gained big yardage on the ground and Jason Johnson led the Tigers through the air; however, Elba was hit with a penalty on a fourth-down-and-six play at the Bobcat 31-yard line and the Tigers were forced to punt.

The Tiger defense gave the ball right back to the offense as on the Bobcats' third play following the punt Kelvin Caldwell jarred the ball loose and recovered the fumble at the Bobcat 22-yard line. A 9-yard gain by Robert Wilson and a 4-yard scamper by Wilson on second down moved the Tigers within the shadows of the goalpost and one play later the senior tailback again got the call and responded with a 9-yard dash to put Elba on the scoreboard!

Chris Fleming added the extra point and with 3:00 left in the first quarter Elba was ahead to stay at 7-0.

Elba began another drive on its next possession behind the running of Jason Johnson and Robert Wilson and moved to a first down at the Bobcat 26, but another penalty slowed the march, and on third down a Johnson pass was intercepted to kill the threat.

Opp picked off its second pass of the quarter at the Bobcat 26-yard line late in the stanza to turn back another Tiger challenge and at the half Elba went in with a slim 7-0 advantage.

The Tigers failed to get a first down on their first possession of the third quarter, but got the ball back on an Opp punt and began a march that carried to the Opp 31-yard line before bogging down.

Robert Wilson gained 38 yards on 5 carries during the march and Jason Johnson completed a third-down pass to Brian Free for 15 yards; however, the Tigers failed to convert on a fourth-down-and-one at the Bobcat 31 and the scoring threat went by the board.

Opp put together its only offensive threat of the game on the series following the defensive stand, and with the aid of a 15-yard penalty against Elba moved to first down at the Elba 41-yard line.

The Bobcats got as far as the 32, but on fourth-down-and-one Elba's Jason Hodge broke through to stop the Bobcat runner in the backfield and the Tiger defense turned back the threat!

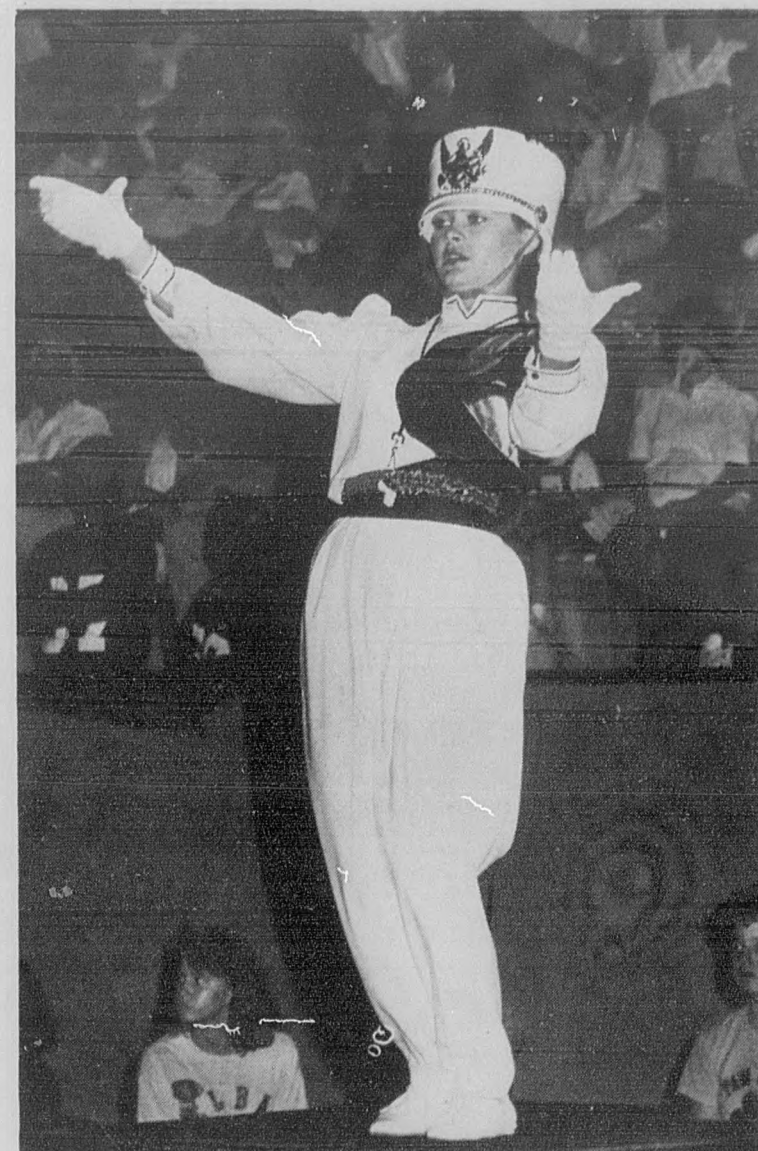

The defensive stand seemed to liven up the sputtering Elba offense and it drove 78 yards to play to score and put the win on ice.

A 20-yard scamper by Leon Coleman and a 14-yard run by Robert Wilson got the drive off to a running start, but the Tigers faced a fourth-down-and-one at the Opp 26 with 6:00 left in the quarter and needed a 2-yard plunge by Jason Johnson to keep the scoring drive alive!

Johnson got the touchdown on a 22-yard run two plays later, and although a bad snap foiled the p.a.t., Elba was in control with a 13-0 lead with just 4:00 left in the game.

The Tiger defense gave the ball back to the offense at the Bobcat 14-yard line with less than 2 minutes on the clock and the Tiger reserves threatened to add to the lead, but time ran out with the ball on the Opp 2-yard line, and at the final horn Elba had the big win 13-0!

Marching Tiger drum major Tab Bryan directs the award-winning Marching Tigers during half-time festivities.

Robert Wilson gained 89 yards on 21 carries to pace the Tiger running attack, while Jason Johnson gained 67 yards on 9 carries and Leon Coleman added 35 yards on 10 carries. Reginald Hightower gained 24 yards on 10 carries for Opp.

The Elba defense, which limited Opp to only 12 yards of total offense,

was led by Jason Hodge with 5 tackles and 1 assist and Jackie Stoudemire with 4 tackles, including 3 sacks for 20 yards in losses. Other leading tacklers included Matt Henderson (44 & 1a), Larry Dixon (41 & 1a), Kelvin Caldwell (41 & 1a), Bobby Bowden (41).

Elba defenders Jason Hodge (90) and Matt Henderson (22) combine to bring down a Bobcat runner for a short gain in last week's 13-0 win over Opp.

## Jr. Tigers Blast Opp 12-0 To Up Slate To 2-0

The Elba Junior High Tigers put 12 points on the scoreboard in the first half and then turned things over to the defense last Thursday night as the Tigers blanked the Opp Junior Bobcats 12-0 in Elba.

The win upped Elba's record to 2-0, while Opp slipped to 1-2 with the loss.

Opp received the opening kick and failed to move the chains, but it took the Tigers only one play to get on the scoreboard as the punt Elba's David Rowe fielded the kick at the 38-yard line, headed for the sideline and raced untouched for a 62-yard touchdown scamper!

The extra point attempt failed, but with 5:28 still left in the first quarter the Tigers were on top to stay at 6-0.

Roberts drove to the Tiger 18-yard line on their next possession and appeared to be headed for a tying score; however, the Tiger defense rose to the challenge and on a fourth down play Elba's Joe Edwards sacked the Opp quarterback for a loss to kill the threat.

The Tiger defense continued to play tough in the second quarter and set up the second Tiger touchdown

when Bennie Wilkerson recovered an Opp fumble at the Bobcat 11-yard line. A 3-yard run by Ronald McKinnon moved the ball to the 8, and on the next play Marcus Taylor took a pitch and rammed untouched into the end zone for the score!

7 tackles and 2 fumble recoveries.

**TERMITES FALL 12-6**  
Elba rallied in the third quarter to pull even, but saw Opp score in overtime to nip the Tigers 12-6. Elba scored in the third quarter on a 76-yard run by Shandez Daniels to catch Opp, but failed to score again as Opp claimed the win.

Shandez Daniels gained 92 yards to pace the Tiger offense, while Tony Coleman added 31 and Ronald Price gained 29 yards.

**PEE WEES FALL 14-8**  
The Tigers saw a fourth-quarter rally fall short as Opp held on to defeat Elba 14-8.

Opp scored twice in the second stanza to grab a 14-0 lead, while the Tigers scored in the fourth quarter on a 26-yard run by Ronald Price and hit the two-point try on a pass from Chris Hodge to Ronald Price.

Tony Hooks gained 36 yards to pace the Tiger attack, while Perry Simpson added 33 and Ronald Price gained 29 yards. Dee Miller made 14 tackles to pace the defense and Greg Thielen added 7.

Toby Bragg led the defense with 7 tackles.

**TIGER MIDGETS WIN BIG**  
The Elba Tiger Midgets led all the way to pound Straughn 28-6. Deondra Peterson scored three touchdowns and Ashley Sutley added one score to spark the Tiger offense, while Steve Hodge and Kevin Allen both added two-point conversions.

Deondra Peterson gained 87 yards to lead the Tiger attack, while Ashley Sutley added 53 and Kevin Allen gained 27. Deric Daniels paced the defense with 11 tackles.

**TIGER TERMITES FALL IN DOUBLE OVERTIME**  
The Elba Tiger Termites scored late to send the game into overtime, but couldn't keep pace in the second extra period as Straughn posted a wild 26-24 win. Straughn grabbed an early 12-0 lead in the first quarter, only to see Elba cut the lead to 12-6 on a 96-yard run by Brian Rowe and

Some of those attending enjoyed playing dominoes, and a delicious lunch was served to the following: Rushie Blanton, Myrl Burkett, Jean Mauldin, Cindy Foxworth and Billy, Mattie Lou Goodson, Grace Goodson, Zedie Bouyer, Dite Mae Maddox, Robert Donaldson, Mary Longfellow, Arthur Blackson, Bill Blair, Minnie Davis, Sarah Smith, Helen McCahan, Frances Shaboo, Mavin Matthews, Gladys Bryan, M. Boling, Wanda Sasser, Pearl Farmer.

DAVID CARNLEY (right), 4-H'er from Kinston, inspects some peanuts along with his dad Larry Carnley. David is one of several 4-H'ers with peanut projects this year. David says he expects a good yield on his peanuts for this year's crop.

## Round And About With Eria

Truly my soul waiteth upon God; from Him cometh my salvation.

He only is my rock and my salvation; he is my defense; I shall not be greatly moved. How long will ye imagine mischief against a man? Ye shall be slain all of you; as a blowing wind shall ye be, and as a tottering fence.

They only consult to cast him down from his excellency; they delight in lies; they bless with their mouth, but they curse inwardly. Selah. My soul, wait thou only upon God; for my expectation is from Him. He only is my rock and my salvation; he is my defense; I shall not be moved.

In God is my salvation and my glory: the rock of my strength, and my refuge, is in my God. Psalm 62:1-7

TOM CASSIDY, retired county agent (left), receives a plaque from Dr. James Martin, president of Auburn University, for outstanding contributions to the work of the Coffee County Auburn Committee. The Coffee County Auburn Committee has been functioning for about 15 years, and Tom has served as secretary of this committee since its beginning. The plaque was presented at the statewide Auburn Committee meeting at Auburn just prior to the Auburn - Kansas State game. Dr. John Lester is the president of the Coffee County Auburn Committee.

## Manipulating Crops In Your Dove Field

The Coffee County Agricultural Center has asked State and Federal Law Enforcement Officers how to legally manipulate or manage a crop in a dove field. Here's what they say:

According to State and Federal regulations for the 1987-88 season, it's legal to manipulate crops specifically to attract doves. These crops may be completely harvested, they may be partly harvested, or they may not be harvested at all. Crops may be left standing or parts of them may either be knocked down or shredded and left on the ground. And during the 1987-88 season, it's legal to harvest doves over crops so manipulated or managed.

Furthermore, according to State and Federal regulations for the 1987-88 season, crops may be harvested shortly before the opening of dove season; and doves may be legally shot over the grain that's spilled during harvest. Likewise, parts of a field may be harvested, leaving some grain unharvested. Doves may be legally shot over both the harvested and the unharvested parts of such fields.

Also, according to State and Federal regulations for the 1987-88 season, livestock may be turned into a field of standing grain and allowed to knock it down sufficiently to attract doves. After livestock knock the crop down, doves may be legally harvested over the knocked-down crop. A log may be dragged over a standing crop to knock it down sufficiently to attract doves. Or a tractor, pickup, or other equipment may be driven over a standing crop to knock it down for the same purpose. And doves may be legally harvested over the knocked-down crop.

But according to State and Federal regulations, some things are illegal during the 1987-88 season. It's illegal to harvest doves over grain, salt, and other feed that's been placed in a field to attract doves—that's considered as baiting. Furthermore, it's illegal to harvest doves until 10 days after all such bait is gone from the field. It's illegal to shoot doves as they fly to baited fields. It's illegal to shoot doves over grain harvested from a field then returned to either that field or to

## New Brockton

### Students Graduate

#### From MacArthur

Judith A. Alderman of New Brockton was presented the President's Award during graduation at MacArthur Technical College recently.

John M. Tyson Jr., vice chairman of the State Board of Education, presented the commencement address, with nearly 100 graduates in attendance.

Others on the program were MacArthur president Raymond V. Chisum, Student Services coordinator Gerald M. Brown Jr. and SGA president Cindy Coon.

## State Employees

### To Meet

#### In Enterprise

The Coffee-Geneva Chapter of the Alabama State Employees Association will hold their regular monthly meeting on Sept. 29, at 7 p.m. at the Western Sizzlin Restaurant in Enterprise.

Special guests attending will be Mr. Barry Mask, state field representative from Montgomery, and Ms. Barbara McLenman, state board member for District 7 from Dothan.

One of the Most Respected Names In Porcelain China

Rarely does an opportunity like this come to you. Now, for a limited time only, you can acquire a complete set of genuine Johann Haviland Bavaria Germany Fine Porcelain China at prices over 40% less than the prices of comparable quality china in fine department stores. And you can acquire it on an easy layaway plan that lets you spread your purchase comfortably over a 15 week period.

This is the same Johann Haviland Bavaria Germany Fine China that, since the early part of this century, has achieved and maintained a worldwide reputation for outstanding, handcrafted quality and delicate, beautiful design.

**Here's Our Plan:**  
Buy China Stamps For Only

**99¢** Each

with each \$3.00 purchase

Collect 33 stamps then redeem them for a 20 piece set consisting of four, 5 piece place settings. China and crystal accessories are also available.

Here's how you can get your very own set. Visit our store to see this elegant china and pick up a china saver brochure. That day and every day you shop you can buy china saver stamps for 99¢ with each \$3.00 purchase. Acquire 33 stamps and we will present you with a gift boxed 20-piece service for four in your pattern choice.

Matching accessory items will be available throughout the promotion period. But each week we'll feature one or two of these accessories at special prices. Watch our weekly ads for featured items and special pricing. And, of course, all items will be available from open stock when the promotion is over.

So don't delay. You may never see such elegant porcelain china at such low prices again. Stop in today and see the outstanding quality and design of Johann Haviland China for yourself. Then compare its prices on our plan (\$32.67 for a 20 piece service for four) with the prices of comparable quality china in department and jewelry stores (\$60.00-\$100.00 for a 20 piece service for four). We're sure you'll be convinced that this is probably the most tempting china offer ever made.
